# GENERAL GOVERNMENT

#### **VALUE STATEMENT**

I expect the municipal government to be responsive to community needs, accessible, and trust that it will be accountable and fiscally responsible.

#### What is this Service?

Governance and Corporate Management refers to the component of municipal government responsible for governing the municipality, providing direction and leadership to staff, and sustaining the organization.

Corporate management activities include:

- Chief Administrative Officer / City Manager
- Corporate Accounting
- Corporate Finance
- Debt Management & Investments
- Development Charges Administration
- Taxation
- Corporate Communications
- Real Estate and properties owned by the City but not used for service delivery

#### Governance activities include:

- Election Management
- Municipal Council administration and support
- Office of the Mayor administration and support

#### Influencing Factors:

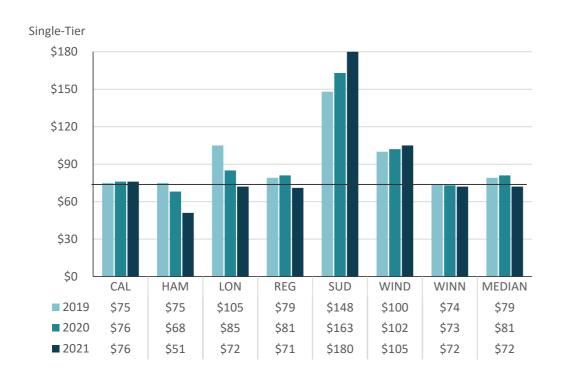

- 1. Council: Cost related to full-time vs. part-time Councils, and increased costs during election years.
- 2. Government Structure:
  - Different tiers of municipal government and the corresponding differences in responsibilities for service provision, i.e. responsibility for POA Courts, Property Assessment costs, property tax collection and write-offs and water and wastewater billing.
  - Split of services that remain in general government vs those that do get allocated out through Program support,
  - Consolidated entities
  - Upper tier vs lower tier (total expenses)
- 3. Organizational Form: Centralized vs. decentralized structure for administration services.

#### **Extenuating Circumstances:**

• COVID-19 Pandemic: In response to the COVID-19 pandemic, municipalities transitioned to digital/remote work solutions in order to maintain service delivery, including, but not limited to governance and staff meetings and on-line public service options. In addition, there was an increase in health and safety protocols for municipal headquarters. Many municipalities also re-allocated resources to facilitate their local COVID response.
