

# 2019 MBNCanada NATIONAL FORUM

Thursday April 11 & Friday, April 12, 2019

Embassy Suites Fallsview

6700 Fallsview Blvd. Niagara Falls, ON L2G 3W6

## KEYNOTE SPEAKERS

**Wayne Lee** Peak Performance Expert – Set Your GPS for Success  
– and Experience Optimal Performance

<http://www.waynelee.com/meet-wayne>

**Judy Croon** Relieving Work Related Stress with Humour

<http://www.judycroon.com/about-judy>

*And back by popular demand...*

**Jeffrey Rosenthal** Knock On Wood: Luck, Chance, and the  
Meaning of Everything—the concept of luck, and how we can use  
logic and basic statistical reasoning to sort out random luck from  
true patterns. <http://probability.ca/jeff/bio.html>

### **NIAGARA REGION, EMERGENCY SHELTERS/ SOCIAL HOUSING**

#### **Measuring the Shift to A Home for All: The Development of a Framework for Measuring Systems Change**

The Development of a Framework for Measuring Systems Change as part of the 5-year Review of the Niagara Region's 10-year Housing and Homelessness Action Plan

### **CITY OF TORONTO, BUILDING DIVISION**

#### **How Digital Transformation is changing Municipal Document Management**

Records Digitization has transformed Toronto Building services to be fully electronic-based (paperless services) through the provision of enhanced business processes and foundational technologies to facilitate electronic capture and access to business documents.

This session will explore lessons learned from the journey of Toronto Building make this transformation.

### **YORK REGION, PLANNING**

#### **YorkTrax – A Collaborative Approach to Tracking Development**

YorkTrax is a new and evolving corporate Growth and Development Tracking Software Solution that is used across multiple departments at York Region. This solution streamlines the development review process introducing efficiencies including reducing duplication and supporting a collaborative working space across the corporation. This system establishes the foundation for future performance and benchmarking indicators through quantitative analysis.

### **TOWN OF LINCOLN, BROCK UNIVERSITY**

#### **The Brock-Lincoln Living Lab**

How adaptive capacity can be catalyzed through an innovative approach which emphasizes the collaborative and learning-oriented interactions between a municipality and university.

### **YORK REGIONAL POLICE, BUSINESS INTELLIGENCE AND DATA ANALYTICS**

#### **Leveraging Data to Gain a Competitive Advantage**

The data driven journey York Regional Police went through over the past 6 years to deliver the ultimate goal – improved community safety!

### **CITY OF GREATER SUDBURY, SOCIAL ASSISTANCE**

#### **2D Barcodes and the No-Collar Workforce**

How could a small Finance Unit develop a digital – no collar - workforce using 2 dimensional barcode technologies? Failures, unexpected events, organizational structure changes and regulations can force us to jump out of our comfort zone and face these issues with innovation. 2D barcodes are the fingerprints of the no-collar workforce and this session will explore how municipalities can become more accurate, maintain integrity, security and data privacy.

### **CITY OF TORONTO, PURCHASING AND MATERIALS MANAGEMENT DIVISION**

#### **Social Procurement Program**

Staff from the City of Toronto's Purchasing & Materials Management Division will present about their Social Procurement Program. The program is about being social minded and building diversity into the procurement process

### **CITY OF HAMILTON, HAMILTON STREET RAILWAY**

#### **Fuelling Transit for Less**

This presentation will provide insight into alternate methods of propulsion that can be used by Municipalities to reduce their overall carbon footprint while at the same time reduce their operating costs.

**Municipal Benchmarking  
Network Canada**

**Réseau d'étalonnage  
municipal du Canada**
